

Tim Cheesebrow

Midwestern Singer/Songwriter
Americana Folk-Rock

Bio

Tim started writing songs in the 90's as a way to make sense of the world. He studied the craft in earnest while getting his degree in classical music composition, and cemented his style while volunteering at a monastery and school near New Orleans.

20 years later and he's still at it, playing over 120 shows per year. He now has seven full-length solo albums under his belt, a published book on songwriting, a studio, a music education non-profit, and is showing no signs of slowing down.

His music layers an eclectic mix of styles to create a sound with modern grooves, catchy melodies, and a sense of being grounded in deep roots. He's known for his percussive guitar work, capo-wizardry, and an expressive voice big enough to fill any room.

Tim's lyrics are heartfelt and honest, bringing audiences with him to explore concepts of family, self-doubt, hope, grief, and the many facets of love. He looks to music as a source of healing and puts that magic to work at each performance so listeners leave with more than they expected to find. Tim's calm and passionate presence, combined with his thoughtful songcraft, make him a favorite of intimate listening rooms.

Artist Info

Release Info for "7"

Digital Release: February 2020

Full Release: April 2020

This album is a songwriter's playground; driving rock, soulful folk, beautiful ballads and haunting dirges. Featuring some of the midwest's best talent, this well-crafted collection of songs will have you reaching for the repeat button.

After 14 years doing studio recordings he decided to expand his artistic range and self-produce and engineer this album. It was a wonderful experience that allowed him to create songs closer to his artistic vision than ever before, where lyrics take center stage and there are no limits.
